Project Rejuvenate

Next 8-week Program Cycle:
April 12, 2022 - June 3, 2022

Project Rejuvenate was established in 2021. Through the collaboration between Project A.W.A.R.E., UPAC, and SAY San Diego, we have brought a wholistic approach to meet the needs of youth in the SD Promise Zone.

In 8-week cycles, youth will receive job training, emotional literacy skills, and have the opportunity to be an advocate for change in their community.
